Better Supported & Easier to Use

Penguins are easy to set up and easy to use. With just a few clicks of a mouse, you can get online, watch a movie, or share pictures with family and friends.

Penguin systems feature a community supported software center. This makes finding and installing applications easy.

Thousands of applications are carefully prescreened, so you don't have to worry about viruses or other malicious software.

Penguin systems are also libre-friendly, meaning there are no proprietary components, lock-ins, or restrictions.
